## **ALLIANCE AIRLINES ANNOUNCES SCHEDULED FLIGHTS TO MORANBAH**

**Alliance Airlines has announced it will commence 7 weekly scheduled services between Brisbane and Moranbah on 17 August 2020.**

Operated exclusively by Alliance's fleet of 80-seat Fokker 70 jets, the new services will offer the only scheduled jet flights into Moranbah and the fastest flight time between Brisbane and Moranbah.

Flights have been timed to meet the needs of the resources industry and the local community, with further flights to be added in the future if demand warrants.

"We believe the speed, comfort and reliability of the Fokker 70 jet will make Alliance an attractive option for residents and resource workers travelling between Brisbane and Moranbah", Alliance CEO Lee Schofield said.

"The fact we are introducing competition to this important route will also ensure the whole region benefits from additional capacity and lower fares".

"We would like to acknowledge BMA as the operators of Moranbah Airport for their role in completion of the necessary safety approvals and scheduling, as well as the Isaac Regional Council for their warm welcome to the region," Schofield said.

An introductory all-inclusive one way fare of \$139 is available for a limited time. Regular fares start at \$199 each way on selected flights.

Following consultation with the resources industry, Alliance Airlines will also conduct a COVID19 screen for all passengers on the new service. This will involve a temperature check and health questionnaire.

For more information or to book, please visit [www.allianceairlines.com.au](http://www.allianceairlines.com.au) or your local travel agent.

About Alliance Airlines

Alliance Airlines is Australia's leading provider of contract, charter and allied aviation services currently employing in excess of 550 full time staff.

Alliance Airlines provides essential services to the mining, energy, tourism and government sectors and also operates a network of regional scheduled services in Queensland.

Alliance holds IATA's IOSA certification and Flight Safety Foundation "BARS Gold" status, the first such carrier in Australia to be so recognised.

Alliance currently operates a fleet of 24 Fokker F100, 13 Fokker 70LR jet aircraft and five Fokker 50 turboprops with an additional three aircraft in storage and available for entry into the fleet.

Alliance has world-leading operational performance, a key attribute rightly valued by its customers.

The Company has operational bases in Brisbane, Townsville, Cairns, Rockhampton, Melbourne, Adelaide, Perth and Darwin.
